**202 acres**

**\$646,400**

- Located in north Covington County, Alabama, about 21.5 miles from I-65 at Georgiana. It is about 70 minutes from Montgomery and about 16 minutes from Andalusia
- The property fronts on Perrette Rd, a dirt, county-maintained road
- This is an excellent hunting property because of the creek hardwood (Buck Creek crosses the property for about ½ mile) and the mix of natural and planted timber
- The property has about 105 acres of planted loblolly pine about 30 years of age, 40 acres of bottomland hardwood, and about 57 acres of natural timber, primarily composed of volunteer longleaf pine
- The property has timber income potential from thinning the planted pine stands. This should be done immediately to address scattered pine beetle outbreaks. On the aerial photo, the planted pine stands shown in red outline are based on a 1997 Google Earth image that shows planted pines in rows. Evidence on the ground today of row structure may not be present.
- There is public water and power about 800 feet east of the entrance on Perrette Rd on the adjoining property that has a residence and commercial chicken houses.
- The entrance on Perrette Rd has a locked gate. You can walk the property from here, or call the agent to arrange access through the gate, or to set an appointment to tour the property. If you want to walk the property, we suggest you print out and take the brochure from the web site with you as a guide since it has maps and aerial photos showing existing roads and property boundaries.
- Please contact the listing agent, Mark Bailey, 334-312-4258, to schedule a visit to the property or to get more info
