HAY

Please note, we have been growing our own Horse Quality Fescue. We always had it tested for toxins and protein level. We sold it by the square bale and used for our own horses. When we purchased hay we always looked for quality first, not price, so we did travel to pick it up and stored it in our hay barns.

Trail Riding

Our focus over the past 18 years was Paso Fino Horses. They are a gated horse. My husband showed, bred his mares and enjoyed the Paso Fino Horse Association. The Grand Nationals are held in September in Ocala Florida. I loved to trail ride, and could ride my Paso Fino all day using their natural gate and was never sore at the end of the day. I did have to slow down if I was riding with a quarter horse rider. PFHA.ORG for info regarding the breed. If you are interested in test driving Vickie McQuinn & Johnny Lanier @ De Los Mejores are very respected within the association and we enjoy their company.
